An efficient technique for determining a value is to send out a survey to your current customers. If these customers have already bought an ebook from you, ask for his or her opinion in terms of price. Do that by making a sales page for the new ebook, but do not include a worth on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to check out costs by creating a number of duplicate sales pages with totally different prices on every page. Make certain your sales copy is precisely the same on each page, and consists of your selling-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your web site and sales of your book. This can tell you what your optimum price is.

In the end, in the event you've written a ebook that solves a problem or presents a new method, your book will usher in both site visitors and profits.
