Another technique is to check out costs by creating a variety of duplicate gross sales pages with completely different costs on each page. Make certain your sales copy is precisely the identical on

each web page, and consists of your promoting-deal with sentence. Then figure out for every page the conversion ratio between guests to your website and sales of your book. This may inform you what your optimum price is.

Finally, in case you've written a book that solves a downside or presents a new method, your ebook will bring in each site visitors and profits.
