An efficient method for determining a price is to send out a survey to your present customers. If these customers have already purchased an e book from you, ask for his or her opinion by way of price. Do that by creating a sales page for the brand new guide, but don't include a price on that page. One other strategy is to test out prices by creating a number of duplicate sales pages with totally different prices on every page. Make sure that your sales copy is exactly the identical on each web

page, and consists of your promoting-handle sentence. Then figure out for each web page the conversion ratio between guests to your site and sales of your book. This may tell you what your optimum value is.
