Should you *Notary Study Guide* price it too excessive compared with your competition, one can find your self steadily decreasing the worth, which can trigger you all kinds of new issues within the future.

Selecting the best price to your **Notary Study Guide** e-book is without doubt one of the most crucial parts of the advertising and marketing process. The first rule of pricing ebooks is to by no means underprice. Decide the very best price your viewers can afford, and then if you find your book isn't selling, you possibly can always scale back the price. Earlier than you are taking that step, be sure to are promoting your Notary Study Guide guide like loopy on the Internet and on websites. The worth should be aimed toward bringing in profits, however it is best to never overlook that worth is likely one of the factors that individuals use in judging the value of your *Notary Study Guide* e-book ? before they buy it. So always begin with the best value, and then launch a mega-advertising

campaign.

Pricing an e book is particularly tough because ebooks are a reasonably new commodity. Since they are digital, the worth of an e book is as confusing as the understanding of what digital truly is to the common layperson. This means that we must have a look at ebooks in a different gentle in order to determine their actual worth in this courageous, new cyber world.

Let's look at the distinction between a e-book in print and an ebook. A printed ebook is an object you'll be able to hold in your hand, retailer on your bookshelf, even hand down to the subsequent generation. It's priced on components such as paper inventory, design and production costs, and marketing.

But the truth that unites ebooks and print books is that they are composed of ideas. It's the concepts in these books which have the power to alter, or probably remodel, folks's lives.

What do you think an thought is worth when evaluated in opposition to the price of paper and ink?

It is the IDEAS which are helpful! That's the way you decide the price of your ebook.

What should I cost for my ideas?

There are all totally different formulas and strategies for determining the correct value in your ebook. Let's start with honing in in your final goals.

Determine if your goal is to get extensive distribution and maximum exposure. This goal is aimed toward drawing customers to your enterprise or service, or to establishing the credibility of your reputation. If that is your important purpose, you should aim to keep your price on the low side. Some authors have even priced their ebooks at a revenue loss to draw a high variety of new customers. The bottom line is to find a worth that maximizes your income and the variety of books you sell.

This is a superb pricing strategy if you are seeking to purchase long-time period customers. Long-term customers are extremely possible to buy from you again and again ? as long as the first e book they buy is of distinctive quality and useful to the customer.

Nevertheless, if your e-book comprises worthwhile ? and more importantly NEW info, references, or methods ? then it's best to aim to price it on the excessive end.

After you determine your objective, you will need to figure out what your audience's need is for your ebook. For example, does your guide remedy a specific drawback? If it does, and solves it in a method that hasn't been written about in one hundred other ebooks, you'll be able to achieve excessive gross sales at a high price. In case your e-book solves an issue or answers questions in a brand new and unique approach, you should value your e book as high as you can go. You'll achieve larger earnings this way, but bring in fewer customers. Just make sure that the query or drawback that your guide solves is one which is important and related to nearly all of your market audience. If your concepts are not widespread knowledge, or you might be presenting a brand new technique, you will be able to promote books at a excessive price. Just be ready on your competition to undercut you on price as quickly as they hear about your book.

Remember the fact that the above pricing strategy is temporary. Finally, you'll cease to sell books at this high price. So figure out prematurely how lengthy you plan to offer your book at this high value, and when that point is up, change your pricing strategy.

If you wish to see giant profits over customer draw, intention for an audience that's on the lookout for straightforward options to their problems at a low price. If your ebook is aimed toward fixing one specific drawback quite than normal advice, then you can cost more. Begin at the highest value the market will bear to bring in the largest profits, and plan to discount the e-book a number of instances throughout the year.

Advertising Methods

The key that unlocks the gross sales potential of your e-book is to find a single sentence that turns into your selling handle. This sentence states what question or drawback your e-book answers and the benefits your ebook can provide. Then you should definitely use that sentence in every piece of sales and promotional materials, and every time anybody asks you about your ebook.

Apart from promoting your books assiduously on-line, there are several different strategies that can show you how to promote extra books.

One is to give something away without spending a dime together with your e-book, corresponding to a useful bonus item. Or bundle a number of ebooks underneath one price, which lowers the price for each ebook in the event that they have been bought separately.

An effective approach for figuring out a worth is to send out a survey to your present customers. If these prospects have already purchased an ebook from you, ask for their opinion by way of price. Do this by making a gross sales web page for the brand new ebook, but do not embody a worth on that page. As an alternative, add a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to test out costs by creating a number of duplicate sales pages with completely different prices on every page. Make certain your gross sales copy is exactly the same on each web

page, and includes your selling-deal with sentence. Then determine for every page the conversion ratio between visitors to your site and sales of your book. This can tell you what your optimum price is.

In the end, in case you've written a book that solves a drawback or presents a brand new approach, your ebook will bring in both traffic and profits. So you'll want to write that promoting-handle sentence that sums up what problem your guide solves and what the benefits of your *Notary Study Guide* book might be to the shoppers who purchase it. And then watch your market come to you!
