An efficient technique for figuring out a value is to ship out a survey to your present customers. If these customers have already purchased an book from you, ask for their opinion when it comes to price. Do that by creating a gross sales page for the new book, but don't embody a value on that page. As an alternative, add a number of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other technique is to test out costs by making a variety of duplicate gross sales pages with completely different costs on every page. Be sure that your gross sales copy is precisely the

similar on every page, and contains your promoting-handle sentence. Then work out for every page the conversion ratio between visitors to your site and gross sales of your book. This may tell you what your optimum value is.

Ultimately, should you've written a guide that solves a drawback or presents a new approach, your e book will bring in both visitors and profits. So you should definitely write that selling-handle sentence that sums up what problem your ebook solves and what the benefits of your 1014 guide will likely be to the shoppers who buy it.
