An effective approach for determining a value is to send out a survey to your current customers. If these clients have already bought an e book from you, ask for their opinion in terms of price. Do that by creating a gross sales page for the new e-book, but do not embody a worth on that page. As an alternative, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to test out prices by creating a number of duplicate gross sales pages with completely different costs on every page. Make sure that your sales copy is precisely the similar on

each page, and consists of your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your site and sales of your book. This can tell you what your optimum price is.

In the end, for those who've written a ebook that solves a problem or presents a brand new approach, your e-book will bring in each site visitors and profits. So you should definitely write that selling-handle sentence that sums up what drawback your ebook solves and what the benefits of your 1069 ebook will be to the shoppers who buy it.
