Instead, add plenty of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to check out costs by creating a variety of duplicate sales pages with different costs on every page. Make sure that your sales copy is precisely the same on each web page, and contains your selling-handle sentence. Then work out for each page the conversion ratio between visitors to your website and sales of your book. This will tell you what your optimum price is.

Ultimately, if you've written a guide that solves a drawback or presents a new approach, your book will herald both visitors and profits.
