An effective method for figuring out a value is to send out a survey to your current customers. If these prospects have already purchased an e book from you, ask for his or her opinion when it comes to price. Do this by creating a sales page for the brand new e book, but do not embody a value on that page. Instead, add various links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to check out prices by making a variety of duplicate gross sales pages with different prices on each page. Make sure your sales copy is exactly the identical on each web page,

and includes your promoting-deal with sentence. Then work out for every web page the conversion ratio between visitors to your website and sales of your book. This can let you know what your optimum price is.

In the end, for those who've written a book that solves a downside or presents a new technique, your e book will herald both traffic and profits.
