of gross sales and promotional materials, and each time anybody asks you about your ebook.

In addition to selling your books assiduously online, there are a number of other strategies that may make it easier to sell more books.

One is to present one thing away without spending a dime with your book, reminiscent of a helpful bonus item. Or bundle a number of ebooks beneath one price, which lowers the price for each book in the event that they have been bought separately.

An efficient method for determining a worth is to ship out a survey to your current customers. If these prospects have already bought an e-book from you, ask for his or her opinion in terms of price. Do that by creating a gross sales web page for the new book, however do not embody a worth on that page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to test out prices by creating a variety of duplicate gross sales pages with different costs on every page. Make certain your sales copy is strictly the similar on every page, and contains your selling-handle sentence. Then work out for each web page the conversion ratio between visitors to your site and gross sales of your book. This may let you know what your optimum value is.

In the end, when you've written a ebook that solves a problem or presents a new method, your guide will herald each site visitors and profits.
