An efficient method for determining a price is to send out a survey to your current customers. If these prospects have already purchased an e book from you, ask for his or her opinion when it comes

to price. Do that by creating a sales page for the new e-book, but do not include a value on that page. Instead, add numerous links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other technique is to test out prices by creating a number of duplicate gross sales pages with different costs on every page. Be certain your gross sales copy is strictly the same on every web page, and consists of your selling-deal with sentence. Then work out for each page the conversion ratio between visitors to your website and sales of your book. It will inform you what your optimum worth is.

Ultimately, should you've written a ebook that solves a drawback or presents a brand new method, your guide will bring in each traffic and profits. So make sure to write that selling-deal with sentence that sums up what downside your ebook solves and what the benefits of your 220 guide will likely be to the customers who purchase it. And then watch your market come to you!
