promotional materials, and every time anyone asks you about your ebook.

Besides promoting your books assiduously on-line, there are a number of other methods that may help you promote extra books.

One is to give something away without spending a dime along with your guide, reminiscent of a valuable bonus item. Or bundle several ebooks below one price, which lowers the value for each ebook in the event that they had been sold separately.

An effective method for figuring out a value is to ship out a survey to your current customers. If these customers have already bought an ebook from you, ask for their opinion by way of price. Do this by making a gross sales page for the brand new ebook, but don't embody a price on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to check out prices by creating a variety of duplicate gross sales pages with totally different prices on each page. Be certain your sales copy is precisely the similar on every page, and includes your promoting-deal with sentence. Then figure out for each page the conversion ratio between guests to your web site and sales of your book. It will let you know what your optimum value is.
