If these clients have already purchased an e-book from you, ask for his or her opinion when it comes to price. Do that by creating a sales page for the new book, however don't embody a value on that page. As an alternative, add quite a lot of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to test out prices by making a number of duplicate sales pages with completely different costs on every page. Ensure that your gross sales copy is precisely the identical on every

web page, and includes your promoting-deal with sentence. Then work out for every page the conversion ratio between guests to your web site and sales of your book. This can let you know what your optimum price is.

Ultimately, should you've written a e book that solves a drawback or presents a new method, your guide will usher in both visitors and profits.
