piece of sales and promotional material, and each time anyone asks you about your ebook.

In addition to selling your books assiduously on-line, there are several different methods that may allow you to promote extra books.

One is to offer one thing away for free with your guide, equivalent to a helpful bonus item. Or bundle several ebooks under one value, which lowers the price for each ebook in the event that they had been offered separately.

An effective approach for determining a value is to ship out a survey to your current customers. If these prospects have already purchased an e book from you, ask for their opinion when it comes to price. Do that by making a gross sales page for the new book, but do not embody a worth on that page. As a substitute, add quite a few hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to check out prices by making a number of duplicate sales pages with different prices on each page. Ensure your sales copy is exactly the same on each page, and includes your promoting-handle sentence. Then work out for each web page the conversion ratio between guests to your site and sales of your book. It will tell you what your optimum value is.

Finally, for those who've written a e-book that solves a downside or presents a brand new method, your e book will herald each site visitors and profits. So you'll want to write that selling-deal with sentence that sums up what drawback your ebook solves and what the advantages of your 257 ebook will be to the purchasers who buy it.
