One other technique is to test out prices by creating a variety of duplicate sales pages with different prices on each page. Be sure that your sales copy is precisely the similar on every web

page, and consists of your selling-handle sentence. Then determine for every page the conversion ratio between guests to your website and sales of your book. This will let you know what your optimum worth is.

Ultimately, if you happen to've written a e book that solves a drawback or presents a new method, your ebook will bring in both visitors and profits.
