An efficient approach for determining a worth is to send out a survey to your present customers. If these clients have already purchased an book from you, ask for his or her opinion by way of price. Do this by creating a sales web page for the new guide, but don't embrace a worth on that page. As an alternative, add a number of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to test out costs by making a number of duplicate gross sales pages with different costs on each page. Make sure your gross sales copy is exactly the similar on every web

page, and contains your selling-handle sentence. Then work out for every page the conversion ratio between guests to your website and sales of your book. This can tell you what your optimum price is.
