An effective approach for determining a worth is to ship out a survey to your current customers. If these clients have already bought an e-book from you, ask for his or her opinion in terms of price. Do that by making a sales web page for the new guide, however do not include a worth on that page. Instead, add a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another technique is to check out costs by making a number of duplicate sales pages with completely different prices on each page. Ensure your gross sales copy is exactly the similar on each page, and contains your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your site and sales of your book. This can inform you what your optimum price is.

In the end, in the event you've written a ebook that solves a downside or presents a new technique, your book will bring in each site visitors and profits.
