## Marketing Methods

The key that unlocks the sales potential of your book is to discover a single sentence that turns into your promoting handle. This sentence states what query or problem your book answers and the advantages your e book can provide. Then remember to use that sentence in each piece of sales and

promotional material, and every time anybody asks you about your ebook.

An efficient method for figuring out a value is to ship out a survey to your current customers. If these prospects have already bought an e book from you, ask for their opinion in terms of price. Do this by making a gross sales web page for the brand new ebook, but don't embody a price on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to test out prices by making a variety of duplicate sales pages with completely different costs on each page. Make sure your sales copy is precisely the same on every web page, and contains your promoting-handle sentence. Then work out for each page the conversion ratio between guests to your site and gross sales of your book. It will inform you what your optimum value is.

Finally, when you've written a guide that solves a drawback or presents a new technique, your ebook will usher in both traffic and profits.
