Then be sure you use that sentence in each piece of gross sales and promotional material, and every time anybody asks you about your ebook.

Besides selling your books assiduously on-line, there are a number of different strategies that may help you promote extra books.

One is to offer one thing away free of charge together with your guide, such as a useful bonus item. Or bundle several ebooks below one price, which lowers the value for every ebook in the event that they have been offered separately.

An effective technique for figuring out a price is to ship out a survey to your present customers. If these prospects have already purchased an ebook from you, ask for his or her opinion in terms of price. Do that by creating a gross sales page for the brand new e book, but do not embrace a price on that page. Instead, add a number of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to check out prices by creating a number of duplicate sales pages with totally different prices on every page. Ensure your sales copy is precisely the identical on every web page,

and contains your promoting-deal with sentence. Then determine for each page the conversion ratio between visitors to your web site and gross sales of your book. It will let you know what your optimum worth is.

In the end, should you've written a guide that solves a problem or presents a new approach, your e-book will herald each traffic and profits.
