sales and promotional material, and each time anyone asks you about your ebook.

One is to provide something away totally free with your book, such as a worthwhile bonus item. Or bundle a number of ebooks underneath one price, which lowers the price for every ebook in the event that they have been offered separately.

An efficient approach for determining a value is to send out a survey to your present customers. If these clients have already bought an book from you, ask for his or her opinion in terms of price. Do that by creating a sales page for the brand new ebook, but do not embrace a price on that page. Be sure your sales copy is strictly the similar on each web page, and consists of your selling-handle sentence. Then determine for each web page the conversion ratio between guests to your site and gross sales of your book. This can let you know what your optimum price is.
