If these clients have already bought an e-book from you, ask for his or her opinion in terms of price. Do this by making a sales page for the new guide, but don't include a worth on that page. As a substitute, add a lot of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another technique is to check out prices by making a variety of duplicate sales pages with different costs on each page. Make sure your gross sales copy is exactly the same on each page, and includes

your promoting-deal with sentence. Then work out for every web page the conversion ratio between guests to your web site and gross sales of your book. This will let you know what your optimum price is.

Ultimately, when you've written a e-book that solves a downside or presents a brand new method, your guide will herald both traffic and profits.
