If you want to see giant earnings over buyer draw, purpose for an audience that's looking for straightforward solutions to their problems at a low price. If your book is aimed at solving one particular problem moderately than common recommendation, then you can cost more. Start at the highest value the market will bear to herald the largest income, and plan to discount the book a number of times throughout the year.

and includes your promoting-deal with sentence. Then work out for each page the conversion ratio between visitors to your web site and gross sales of your book. This may tell you what your optimum price is.
