An effective method for figuring out a price is to send out a survey to your current customers. If these clients have already bought an e book from you, ask for his or her opinion in terms of price. Do this by making a gross sales web page for the brand new guide, but do not embody a value on that page. As an alternative, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to test out prices by making a number of duplicate sales pages with completely different costs on every page. Be certain your gross sales copy is precisely the identical on each web page, and consists of your selling-handle sentence. Then determine for every web page the conversion ratio between visitors to your site and sales of your book. This will tell you what your optimum value is.

Ultimately, when you've written a e book that solves a problem or presents a brand new approach, your guide will usher in both traffic and profits.
